[F] CURRENT LEVEL OF TRUST IN GOVERNMENT AND ARMM LEADERSHIP

STATIC TEXT

Now we'd like to talk about your trust in different levels of government and other forms of leadership that may be present in your community. When we ask about your level of trust, we want to know what you think about the level of leadership in general, not the specific person who is currently in the office. For example, when we ask about the national government we are asking about the government as a whole, and not just about your trust in the current government.
